

# **Bringing Science to Life!**

What happened to the natural love of science?

## **Three Branches to Explore:**

*Life Science*

*Physical Science*

*Earth Science*

## **Five Super Science Skills:** *(there are more, but let's focus on FIVE!)*

*Observing*

*Classifying*

*Measuring*

*Predicting and Inferring*

*Communicating*

## **How Do I LIVE Science?**

**IDEAS:**

### **Resource Books:**

Big Book of Science Activities by Dinah Zike

201 Awesome, Bizarre, Incredible Experiments by Janice van Cleave

Mudpies to Magnets by Sherwood, et al

Giant Science Resource Book Evan Moor Publications

Pets in a Jar by Seymour Simon

### **Storage Ideas:**
